Website: www.billingsplanroom.com

Thank you for your interest in the Billings Builders Exchange. We are the planroom in Billings. We receive plans and specifications from various Architects, Engineers and Government Agencies for commercial construction projects. We service Montana, Wyoming, North and South Dakota. We publish information on construction projects that we currently have and future projects in our planroom and our online service.

Offices of the Exchange are open from 8:00 a.m. to 5:00 p.m. and through the lunch hour each week, Monday through Friday. The plans and specifications that we have in our planroom are available to our members during office hours and are also available on our website 24 hours a day 7 days a week. These plans and specifications may be “checked out” week nights from 4:30 p.m. until 8:00 a.m. the following morning and on weekends from Friday to Monday, same times.

Please complete the attached Membership application and return it to our office along with your annual dues. By doing so you agree to the membership requirements.

We publish a Directory, Which can be accessed on our website (www.billingsplanroom.com) It contains an alphabetical and categorical listing to our members, along with a list of Architects, Engineers and all Government Agencies that service the Billings Builders Exchange, and a list of FAX numbers. Attached you will find a key to our classified listing. Please circle the categories that you wish to be listed under in the Directory, and return it with your application and your annual dues.

Now all plans, specs, Addenda and Planholders Lists as well as bid results can be viewed on our website at www.billingsplanroom.com . When you return your application be sure to ask for your username and password.

We also sell advertising. For more information on our advertising, please call the Exchange Office.

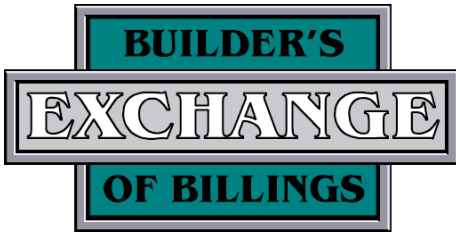

PLANROOM PROCEDURES

To insure an efficient operation in the interest of all members:

1. **THE BUILDERS EXCHANGE MEMBERSHIP IS RESTRICTED TO A SINGLE BUSINESS AND THEIR EMPLOYEES ONLY. NOT SUPPLIERS OR SUBCONTRACTORS DOING BUSINESS WITH A MEMBER. ANY VIOLATIONS OF THIS RULE WILL RESULT IN MEMBERSHIP TERMINATION.**
2. Plans may be checked out overnight by members from 4:30 p.m. to 8:00 a.m. the next week-day morning; or from 4:30 p.m. on Friday to 8:00 a.m. the following Monday morning. It is very important that you return your plan **ON TIME**. It is not fair for someone who is here at 8:00 waiting to see a plan to wait until 8:30 or later to use it.
3. Members may only check out a set of plans **One** time. If a plan is available after you've checked it out once, you may only check that plan out again if no one else wants it. This enables everyone to get a chance to check out and use popular plans.
4. please return all materials to the bins around 4:30 to accommodate night reservations
5. Once you have check out a plan and brought it back at 8:00 a.m., you may not sit down and use that particular plan—thus giving everyone else a chance to use that plan.
6. if you are using a plan here at the Exchange and you decide to go to lunch, you surrender that plan for someone else's use. This is the reason we are open over the lunch hour—so that everyone has a chance to use all plans.
7. **Please don't write or color on Plans!!!** If you feel it is necessary to mark a plan, then it is your responsibility to let us make of copy of the plan sheet on our large copy machine. Also, try not to rip or tear plans and spec books. If you accidentally damage a plan sheet or spec page, **Repair it!!** These are **Not** our plans. They are on loan to us from the Architects and Engineers. We must return the plans to them. Please help us keep them intact.
8. All memberships are presumed to be renewed each year. In the event you wish to cancel you are responsible for dues until the date of the notification. Non cancellation in no way voids obligation to pay for months you enjoyed membership and weekly bulletin privileges.

Please help us by abiding by these rules. We strive in being an organized, smooth operating planroom. Thank you for your cooperation.
